C-06 RESTORATION VENDOR PROFILE • REMEDIATION CHEMICALS, DISTRIBUTION & RENTAL

Anabec Solutions

Hydrogen-Peroxide Mold Cleaners & Protective Remediation Coatings

Field	Primary-Source Verified Detail (Snapshot 2026-11-21)
Canonical Entity	Anabec Solutions
Census Sector	Remediation Chemicals, Distribution & Rental
Headquarters	Clarence, NY
Ownership Class	Independent Operating Vendor
Official Website	https://www.anabec.com/
Primary Verification Source	https://www.anabec.com/

Executive Field Summary

Specialty restoration chemical manufacturer known for Advanced Cleaning Solution Plus (hydrogen-peroxide-based mold/stain remover) and X-70/X-90 moisture-barrier antimicrobial coatings.

Core Capabilities & Restoration Workflow Fit

Non-abrasive hydrogen-peroxide mold/organic stain lifting for framing lumber, breathable antimicrobial surface barriers (X-70), and contractor warranty-backed remediation systems.

Corporate Ownership & M&A Verification Note

Independent privately held specialty remediation chemical manufacturer (Anabec, Inc., Clarence, NY).

Procurement Due-Diligence & Field Watch-Outs

Verify surface-prep and moisture-content prerequisites (wood MC% limits) before applying X-70/X-90 barriers to maintain product warranty validity.

Ecosystem & Software / Distribution Integrations

Available via restoration distributors and direct contractor dealer programs; integrates into IICRC S520 mold remediation protocols.

Practitioner Frequently Asked Questions

Q: How do mold remediators use Anabec Advanced Cleaning Solution?
Crews apply Anabec's hydrogen-peroxide-based cleaner to lift organic mold staining from structural framing and sheathing without relying on chlorine bleach or heavy sanding.

Q: What is Anabec X-70 used for after cleaning?
X-70 is applied as a clear, breathable antimicrobial barrier over cleaned structural substrates to inhibit future microbial colonization.

Q: Is Anabec part of ICP Group or RPM?
No; Anabec Solutions operates independently out of Clarence, New York.
