C-06 RESTORATION VENDOR PROFILE • REMEDIATION CHEMICALS, DISTRIBUTION & RENTAL

Fiberlock Technologies

Mold Encapsulants, Smoke Sealants & Asbestos/Lead Abatement Chemistry

OPTION B CORPORATE-PARENT DISCLOSURE: ICP Group (ICP Building Solutions Group)

Fiberlock Technologies operates as a core remediation and abatement chemistry brand within ICP Group (ICP Building Solutions Group), sister brand to Benefect—disclosed under Option B parent-badge rules.

Field	Primary-Source Verified Detail (Snapshot 2026-11-21)
Canonical Entity	Fiberlock Technologies
Census Sector	Remediation Chemicals, Distribution & Rental
Headquarters	Andover, MA
Ownership Class	Option B Corporate Subsidiary (ICP Group (ICP Building Solutions Group))
Official Website	https://www.fiberlock.com/
Primary Verification Source	https://www.fiberlock.com/

Executive Field Summary

Long-standing remediation chemical formulator behind AfterShock fungicidal coatings, Recon smoke-odor sealants, ShockWave disinfectants, and Lag-Kote/A-B-C asbestos and lead abatement encapsulants.

Core Capabilities & Restoration Workflow Fit

EPA-registered antimicrobials (ShockWave), mold-resistant protective coatings (AfterShock / IAQ 6000), fire-char/smoke odor blockers (Recon), and hazardous-material lockdown encapsulants.

Corporate Ownership & M&A Verification Note

Fiberlock Technologies operates as a core remediation and abatement chemistry brand within ICP Group (ICP Building Solutions Group), sister brand to Benefect—disclosed under Option B parent-badge rules.

Procurement Due-Diligence & Field Watch-Outs

Maintain current SDS binders and state-specific EPA/VOC registration checks (especially CARB/OTC low-VOC rules in California and Northeast states) for all Fiberlock coatings and disinfectants.

Ecosystem & Software / Distribution Integrations

Distributed nationwide through Aramsco, Abatix, Inline Distributing, and ICP Group ProProgram dealers.

Practitioner Frequently Asked Questions

Q: What are Fiberlock's flagship products for mold and fire restoration?
ShockWave (concentrated disinfectant/cleaner), AfterShock & IAQ 6000 (fungicidal coatings), and Recon (smoke-odor encapsulant and stain blocker).

Q: How is Fiberlock related to Benefect?
Both Fiberlock Technologies and Benefect operate as sister remediation brands under parent company ICP Group (ICP Building Solutions Group).

Q: Does Fiberlock support asbestos and lead abatement contractors?
Yes; Fiberlock is one of the primary US formulators of asbestos lockdown encapsulants, wetting agents, and lead-based paint encapsulant coatings.
