C-06 RESTORATION VENDOR PROFILE • DRYING, IAQ, CONTAINMENT & CLEANING OEMS

Morantz Ultrasonics

Hard-Contents Ultrasonic Fire & Soot Cleaning System OEM

Field	Primary-Source Verified Detail (Snapshot 2026-11-21)
Canonical Entity	Morantz Ultrasonics
Census Sector	Drying, IAQ, Containment & Cleaning OEMs
Headquarters	Philadelphia, PA
Ownership Class	Independent Operating Vendor
Official Website	https://ultrasonicmachines.com/
Primary Verification Source	https://ultrasonicmachines.com/

Executive Field Summary

Long-established US manufacturer of industrial ultrasonic cleaning tanks and multi-stage contents-restoration lines built to remove smoke, soot, and particulates from hard contents, blinds, and electronics.

Core Capabilities & Restoration Workflow Fit

Multi-tank ultrasonic wash/rinse/dry systems, mobile trailer-mounted ultrasonic rigs for large losses, window-blind cleaning machines, and custom stainless-steel industrial tanks.

Corporate Ownership & M&A Verification Note

Independent privately held US manufacturer (Morantz Ultrasonics, Philadelphia, PA).

Procurement Due-Diligence & Field Watch-Outs

Assess tank dimensions for oversized blinds and commercial fixtures, wastewater filtration/disposal compliance, and technician training on delicate electronics/metals.

Ecosystem & Software / Distribution Integrations

Complements Esporta soft-contents processing and contents pack-out inventory tools inside full-service restoration contents warehouses.

Practitioner Frequently Asked Questions

Q: What items do fire restoration crews clean in Morantz ultrasonic systems?
Hard contents including glassware, ceramics, tools, sports equipment, window blinds, light fixtures, and select non-powered mechanical or electronic components.

Q: Does Morantz offer mobile ultrasonic rigs for commercial fire losses?
Yes; Morantz builds trailer- and truck-mounted systems allowing contents crews to clean high volumes on-site at large commercial losses.

Q: Where is Morantz Ultrasonics headquartered?
Morantz Ultrasonics manufactures and operates independently out of Philadelphia, Pennsylvania.
