C-06 RESTORATION VENDOR PROFILE • RESTORATION ERP, FIELD OPS & TELEMETRY

Promatic Software Ltd.

Restoration Job, Contents Inventory & Equipment Tracking ERP

Field	Primary-Source Verified Detail (Snapshot 2026-11-21)
Canonical Entity	Promatic Software Ltd.
Census Sector	Restoration ERP, Field Ops & Telemetry
Headquarters	North America
Ownership Class	Independent Operating Vendor
Official Website	https://promaticsoftware.com/
Primary Verification Source	https://promaticsoftware.com/

Executive Field Summary

Modular restoration software suite spanning WorkTracker job management, AssetTracker equipment tracking, ListerMobile contents pack-out inventory, and Verisk XactAnalysis claims compliance integration.

Core Capabilities & Restoration Workflow Fit

Barcode/mobile contents pack-out cataloging (ListerMobile), drying equipment check-in/out (AssetTracker), XactAnalysis bi-directional compliance sync, and full restoration ERP scheduling.

Corporate Ownership & M&A Verification Note

Independent privately held restoration software developer (Promatic Software Ltd.).

Procurement Due-Diligence & Field Watch-Outs

Audit modular pricing across WorkTracker, AssetTracker, and ListerMobile, and test offline barcode scanning performance inside metal storage vaults and basements.

Ecosystem & Software / Distribution Integrations

Verisk XactAnalysis integration, accounting exports, and barcode/mobile scanning hardware.

Practitioner Frequently Asked Questions

Q: What core modules does Promatic Software offer restoration firms?
Promatic's suite includes WorkTracker (job management), AssetTracker (equipment tracking), ListerMobile (contents pack-out inventory), and ERP/Nora workflow tools.

Q: Does Promatic integrate with Verisk XactAnalysis?
Yes; Promatic publishes a dedicated Verisk XactAnalysis integration designed to automate carrier milestone compliance.

Q: Who benefits most from ListerMobile?
Fire and water restoration contractors performing in-house contents pack-out, vault storage, and itemized non-salvageable claim schedules.
