Practitioner Frequently Asked Questions

Q: How does Verisk Xactimate connect to carrier TPA programs?
Most national carriers and managed-repair networks require ESX file submission and milestone updates through Verisk's XactAnalysis portal, making Xactimate licensing a baseline requirement for program restoration contractors.

Q: Is Xactimate an independent vendor or part of a public company?
Xactimate and XactAnalysis are product lines of Verisk Analytics, Inc. (NASDAQ: VRSK), which is disclosed on this profile under Restoration Intel's Option B corporate-parent badge policy.

Q: What should estimators audit when integrating 3D sketch vendors with Xactimate?
Confirm native ESX import fidelity, room-label normalization, ceiling-height precision, and whether sketch conversion incurs per-claim fees beyond base Xactimate seats.
